

# STEP INTO LEOPARD HILL

*Leopard Hill is Basecamp Explorer's newest camp in Masai Mara.*

Built in a similar fashion as the other Kenyan properties, on elevated decks, Leopard Hill offers a unique location in the heart of Mara Naboisho Conservancy. Situated next to a series of watering holes where wildlife flock, guests get a chance to observe the African wildlife from a prime spot while enjoying the modern luxury of the camp. magnificent views from four uniquely designed spacious deluxe tents, a family tent or a honeymoon suite without disturbance, as this part of Naboisho Conservancy is restricted from motorized vehicles.

What makes Leopard Hill accommodation truly special is the adjustable motorized roof in the tents, which provides an unhindered view of the African night sky. Dubbed the Star

Bed, the roof opens to present a stunning view of the sky while the tents offer an almost 360 degree view of the surroundings. With indoor and outdoor showers, each tent has its own theme and houses a private outdoor fireplace and a lower deck which takes guests close to wildlife.

Enjoy unsurpassed shared day game viewing and night game drives or discover the pristine beauty of the Mara from a different perspective. A walking safari brings out the intricate details of the savannah while an exhilarating horseback safari will enable guests quietly approach a herd of zebra. When guests return to camp after an adventure, guests can enjoy a deeply relaxing and rejuvenating massage.
